This application is in condition for allowance except for the following formal matters:

Drawings

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: HOY. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Specification

The disclosure is objected to because of the following informalities:

"HOY" appears in the original specification filed 4/6/06 on page 16, lines 8, 11, 14; page 17, line 10; page 21, lines 18 and 22; and page 23, line 24. "HOY" should be -
- 110Y - -. Appropriate correction is required.

Applicant argues in remarks filed 7/28/10 that "the PTO's optical character recognition in which reference number 110Y was improperly recognized to be HOY". The PTO uses images for all electronic scans of papers filed in the Office, not optical character recognition.

Allowable Subject Matter

Claims 2, 3, 6-22, 26-37, 39, 40, and 42-64 are allowed over the prior art of record.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
